Dear Margrit and Torsten,

We have discovered that the above-referenced application was unintentionally abandoned (prior to my handling of this case) due to failure to respond to an Office Action that set forth an election of species requirement. Consistent with the instructions in the file and our overall prosecution strategy, I am today filing a Response to that Office Action and a Petition to revive the application. Copies are attached for your reference.

Please let me know if you have any comments, questions, etc., regarding this matter.

Best Regards,

Petn revive
